

LIFESTYLE / PRODUCT PERFORMANCE

Shown at an electrostatic-sensitive workstation where the mat provides a controlled path for excess charge.

SPECIAL PURPOSE

MODEL HR-041

Electra Tech

A resilient ESD mat that drains excess electrostatic charge safely to ground.

- ESD charge control
- Grounding performance
- 1×10^3 to 1×10^6 ohm resistivity

BUILT FOR THE APPLICATION

Supports ESD control by combining specified electrical resistance with dependable grounding performance.

PRODUCT OVERVIEW

Built around the demands of industrial.

A resilient ESD mat that drains excess electrostatic charge safely to ground.

**ESD charge control**

Conductive construction channels excess static charge away.

**Grounding performance**

The mat supports controlled discharge to an approved ground.

1×10^3 to 1×10^6 ohm resistivity
Specified resistance supports electrostatic-sensitive workplaces.
