

LIFESTYLE / PRODUCT PERFORMANCE

Placed at a busy entrance where deep grooves collect dust before it reaches interior floors.

COMMERCIAL & GENERAL PURPOSE MODEL HR-005

Entrance Champ

A deep-groove entrance mat designed to trap dust in busy locations.

- Grooved dust traps
- Heavy-footfall performance
- Entrance protection

BUILT FOR THE APPLICATION

Supports cleaner high-traffic entrances by trapping debris within a robust grooved surface.

PRODUCT OVERVIEW

Built around the demands of home & garden.

A deep-groove entrance mat designed to trap dust in busy locations.

**Grooved dust traps**

Deep grooves capture debris before it reaches interior floors.

**Heavy-footfall performance**

Built to serve entrances with frequent pedestrian traffic.

**Entrance protection**

Helps maintain cleaner, safer transition areas.
